

Jotform

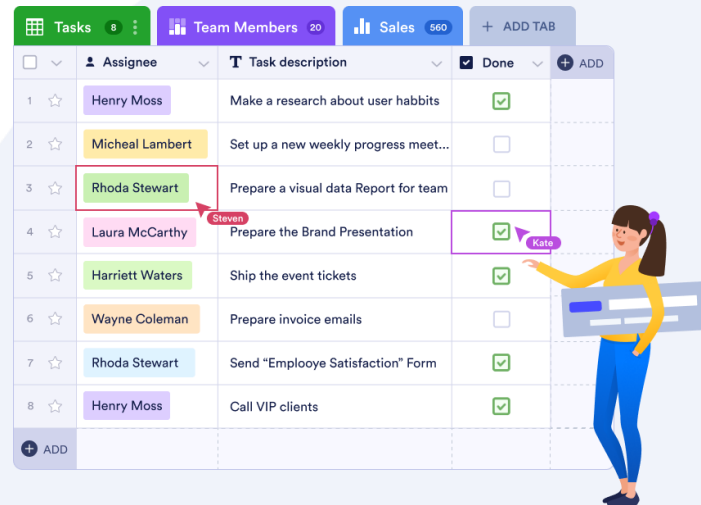

Jotform Tables Press Kit

When a spreadsheet isn't enough for your team.

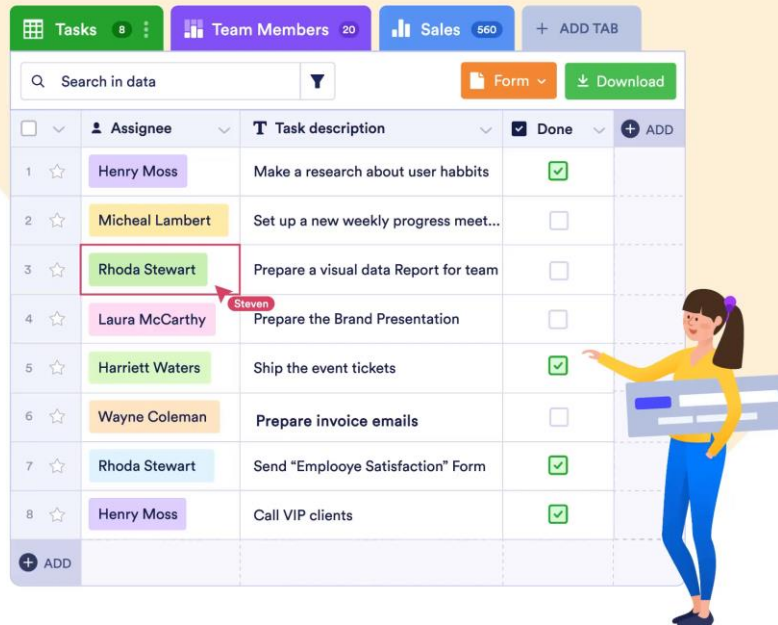

What is Jotform Tables?

- [Jotform Tables](#) is part spreadsheet, part database tool that allows **anyone** to manage, track, and organize their data, all in one place. (Think Airtable and Google Tables, but better!)
- Features include
 - Advanced search, filtering, editing
 - Formulas and calculations
 - Easy sharing and exporting of data
 - Full customization of columns, tags, and more
 - 300+ templates to choose from
 - Different data viewing options (Spreadsheet, Report, Calendar, Card)
 - Access to revision history
 - And much more!

Better yet, this tool is absolutely **FREE** to use!

See Jotform Tables in Action

The screenshot shows a Jotform table interface. At the top, there are tabs for 'Tasks' (8 items), 'Team Members' (20 items), and 'Sales' (560 items), along with an 'ADD TAB' button. Below the tabs is a search bar labeled 'Search in data' and buttons for 'Form' and 'Download'. The table has columns for 'Assignee', 'Task description', and 'Done'. The 'Assignee' column contains names like Henry Moss, Micheal Lambert, Rhoda Stewart, Laura McCarthy, Harriett Waters, Wayne Coleman, Rhoda Stewart, and Henry Moss. The 'Task description' column contains tasks like 'Make a research about user habits', 'Set up a new weekly progress meet...', 'Prepare a visual data Report for team', 'Prepare the Brand Presentation', 'Ship the event tickets', 'Prepare invoice emails', 'Send "Emplooyee Satisfaction" Form', and 'Call VIP clients'. The 'Done' column contains checkboxes, some of which are checked. A woman in a yellow shirt and blue pants is pointing at the table. A red callout bubble labeled 'Steven' points to the 'Assignee' column header.

	Assignee	Task description	Done	ADD
1	Henry Moss	Make a research about user habits	<input checked="" type="checkbox"/>	
2	Micheal Lambert	Set up a new weekly progress meet...	<input type="checkbox"/>	
3	Rhoda Stewart	Prepare a visual data Report for team	<input type="checkbox"/>	
4	Laura McCarthy	Prepare the Brand Presentation	<input type="checkbox"/>	
5	Harriett Waters	Ship the event tickets	<input checked="" type="checkbox"/>	
6	Wayne Coleman	Prepare invoice emails	<input type="checkbox"/>	
7	Rhoda Stewart	Send "Emplooyee Satisfaction" Form	<input checked="" type="checkbox"/>	
8	Henry Moss	Call VIP clients	<input checked="" type="checkbox"/>	
	+ ADD			

Common use cases

- **Managing** projects, inventory, registrations, tasks, budgets, estimates, HR/payroll sheets
- **Creating** checklists, attendance sheets, CRM sheets, log sheets, tracking sheets

Specific use cases

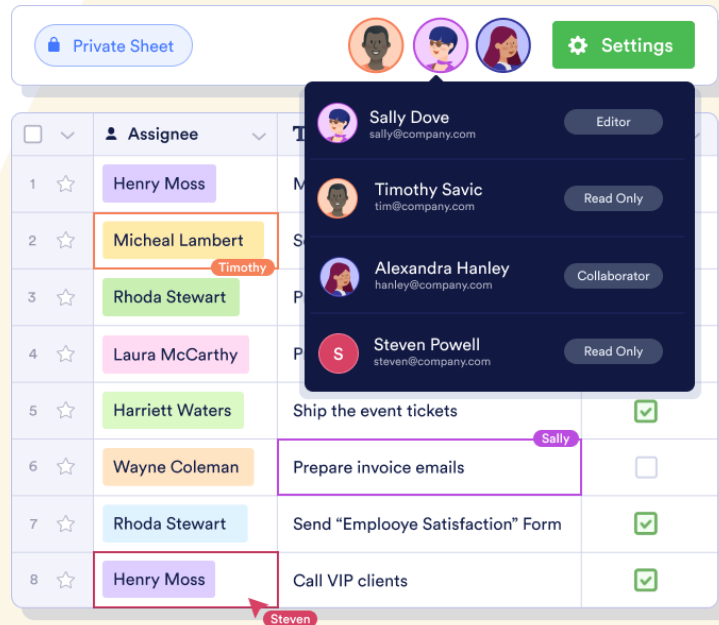

- **Sales teams** can collect, track, and manage business leads — ultimately using it as a CRM tool.
- **HR teams** can track job applications, interviews, and candidate contact details.
- **Marketing teams** can track projects and campaign goals.

How to get started

There are a few ways to get started with Jotform Tables! But first, make sure to create a free [Jotform account](#).

1. **Sync form responses.** Collect online form responses and auto-populate your workspace with the submission data.
1. **Import existing data.** Import CSV or Excel files directly into Jotform Tables to take data management to the next level.
1. **Create your own workspace from scratch.** Enter your own data manually. (Tables can work independently without requiring a form or any prior data to get started!)

The screenshot displays the Jotform Tables interface. At the top, there's a 'Private Sheet' button and a 'Settings' button. Below these are three user avatars. A dropdown menu is open, showing a list of users with their names, email addresses, and roles (Editor, Read Only, Collaborator). The table below has columns for 'Assignee', 'Task', and a status column with checkboxes. The table contains 8 rows of data. The second row, 'Micheal Lambert', is highlighted with an orange border. The third row, 'Rhoda Stewart', has a red 'Timothy' label. The eighth row, 'Henry Moss', has a red 'Steven' label. The task 'Ship the event tickets' has a green checkmark, 'Prepare invoice emails' has an empty checkbox, 'Send "Emplooyee Satisfaction" Form' has a green checkmark, and 'Call VIP clients' has a green checkmark.

	Assignee	Task	Status
1	Henry Moss	M	
2	Micheal Lambert	S	
3	Rhoda Stewart	P	
4	Laura McCarthy	P	
5	Harriett Waters	Ship the event tickets	✓
6	Wayne Coleman	Prepare invoice emails	
7	Rhoda Stewart	Send "Emplooyee Satisfaction" Form	✓
8	Henry Moss	Call VIP clients	✓
